

## The Barrow Group... 40 years of growth and community

The Barrow Group is an artistic home—a nurturing, accessible, collaborative, and inclusive community dedicated to bringing humanity, authenticity, and spontaneity to the performing arts. This year we celebrate forty years of that community.

Founded in New York City in 1986, The Barrow Group has spent four decades developing artists and creating work rooted in lived experience, generosity of spirit, and deep respect for the audience. From our earliest days as a small ensemble of artists committed to truthful storytelling, TBG has grown into an internationally recognized center for training, development, and performance—while remaining grounded in the belief that kindness and rigor can coexist.

We exist to transform people’s experience through: Creative expression, Storytelling, Community for artists and audiences.
