

EDUCATIONAL PROGRAMMING INFORMATION

The Barrow Group works with partner school leadership and teachers to custom design a program that most fulfills the schools needs. In the planning stages of a residency, the assigned teaching artist, assistant, and TBG education coordinator will meet in-person with a school administrator and partner classroom teacher to discuss class content, schedule, and budget.

All programs culminate in a performance, ranging from a simple sharing for their peers to a fully produced show for their larger community.

SAMPLE PRICING

Pricing is based on a one-hour, once a week model. Lengths of sessions and number of sessions per week can be expanded, but we generally suggest this model as the minimum.
